North Lincolnshire Local Plan sets out the vision and objectives for the area

North Lincolnshire Council is preparing a new Local Plan (2017 to 2036) for the area. It will establish the vision and objectives for the county, allocate sites for housing, employment, retail, leisure and other forms of development, and includes development management policies up to 2036.

As well as setting out where new development will go, the plan will include policies that seek to protect and preserve open space, green infrastructure, historic environment and environmental assets. Once adopted, it will update and replace the existing planning policy framework.

Preferred options consultation

A preferred options document has been prepared setting out the council's preferred approach as to how the new Local Plan could address the important issues that face North Lincolnshire, now and in the coming years. It can be viewed on the council's [Local Plan website](#).

Residents can have their say on the Local Plan and share their views on how the future of North Lincolnshire is shaped as part of the consultation.

The consultation runs from Friday 14 February to Friday 27 March 2020. All comments should be submitted online, emailed or sent to the Place Planning and Housing team by 5pm on Friday 27 March 2020.

A number of roadshows are being held across North Lincolnshire to allow local people and others to give their views about the future growth and development of the area as well as the issues the plan should cover. Dates and times can be found on the [Local Plan website](#).

The preferred options document can be viewed electronically at [Local Link offices](#) and [libraries](#) across North Lincolnshire using the public access computer network. A paper version will be available for inspection at [Scunthorpe Central](#).

The issues and options consultation exercise was undertaken between late January and mid-March 2018 in order to get the views of local communities and others about the issues that should be covered in the plan and how these issues might be addressed. This, together with available evidence and policy, has helped to inform this preferred options stage.

Call for sites

As part of this consultation, the council is also seeking to identify land that may be suitable for development or protection within the new Local Plan. More information about the 'call for sites' process can be found on the [Local Plan website](#).

More information

If you wish to know more about the North Lincolnshire Local Plan or get involved in the process, please contact the Place Planning and Housing team for more information, email localplan@northlincs.gov.uk or call 01724 297573.

You can also contact the team by post at: Place Planning and Housing, Economy and Growth, Business Development, North Lincolnshire Council, Church Square House, 30-40 High Street, Scunthorpe, North Lincolnshire, DN15 6NL.
